This program utilizes an equine specialist, a licensed therapist and horses as an approach to promote growth and learning. All staff providing these programs are EAGALA Level I Certified to provide these services.

### Equine Assisted Psychotherapy (EAP)

EAP is an emerging field in which horses are used as a tool for emotional growth and learning. It is a powerful and effective therapeutic approach that has an incredible impact on individuals, youth families, and groups.

### Equine Assisted Learning & Development

We provide educational programs, team building seminars, and staff development conferences that utilize the unique approach of horses to people, problem solving, and self awareness.
